Educational qualification

➢ Bachelor of Engineering (B.E) from DR.TTIT in the year 2021, India.

➢ Pre-University College (12th) from Shaheen PU College in the year 2017, India.

➢ High School (10th) from Suvarna Central School in the year 2015, India.

Core competencies:

➢ Web development.

➢ UI / UX Designer.

Technical Skills:

➢ HTML

➢ CSS

➢ PYTHON

➢ UI/UX Designer

➢ BOOT- STRAP

➢ WORDPRESS

Projects:

1. **Apartment Data Base Management System:**

   ➢ During my final year, I worked on this project, which provides a way for owners to register in a modern way rather than registering in registers.

   ➢ This Apartment management system is the solution for apartment owners to manage more easily and conveniently.

   ➢ This project manages and keeps the payment records.

   ➢ This project also maintains the tenant's details.

2. **College Library Management System:**

   ➢ This project manages and stores books information electronically according to the student's needs.

   ➢ The system helps both student and library management to keep constant track of all the books available in the library.

   ➢ This task if carried out manually will be tedious and includes chances of mistakes.

   ➢ These mistakes are avoided by allowing the system to keep track of information such as issue date, last date to return the book, and even fine information and thus there is no need to keep manual track of this information which thereby avoids chances of mistakes.

3. Sign Language Interpreter:
➢ This project was built on a neural network that was able to classify the different sign gestures and display the meaning of the gesture.
➢ This project made the communication between the deaf and the dumb easily, where the sign language gestures were converted in the form of readable text and it even converts the audio to text and text to audio using speech recognition technique.
➢ This concept was based on Machine Learning, Open CV, and Tensorflow.

Certification:
➢ Pirple : HTML5 and CSS3
➢ PCAP : Python Programing
➢ Introduction To CyberSecurity
➢ Cisco M1 : Introduction to Networks
➢ Cisco M2 : SRWE
➢ TCS IT Employability Program

Internship
➢ Was an Intern At Cisco (CCNA Routing and Switching)
   Module-1 : Introduction to Networks (40 Days)
➢ Was an Intern At Cisco (Wireless Essential)
   Module-2 : SRWE (40 Days)
➢ TCS IT Employability program (30 days)
